

# Sean McGrath

[sean.mcgrath@yale.edu](mailto:sean.mcgrath@yale.edu) | [Website](#) | [Google Scholar](#) | [GitHub](#)

## EDUCATION

<b>Ph.D. Biostatistics</b> , Harvard University <i>Advisor:</i> Dr. Rajarshi Mukherjee	2024
<b>A.M. Biostatistics</b> , Harvard University	2021
<b>B.Sc. Mathematics</b> , McGill University	2018

## ACADEMIC APPOINTMENTS

<b>Postdoctoral Associate</b> , Yale School of Public Health <i>Advisors:</i> Dr. Bhramar Mukherjee, Dr. Harsh Parikh	2025–Present
<b>Research Fellow</b> , Harvard Medical School and Harvard Pilgrim Health Care Institute <i>Advisor:</i> Dr. Jessica Young	2024–2025

## FELLOWSHIPS

• Thomas O. Pyle Fellowship, Harvard Medical School and Harvard Pilgrim Health Care Institute	2024–2025
• National Science Foundation Graduate Research Fellowship	2019–2024
• Fonds de recherche du Québec - Nature et technologies B1X Research Scholarship	2019–2021
• National Institutes of Health T32 Ruth L. Kirschstein Institutional National Research Service Award	2019–2021

## SELECTED AWARDS

• Certificate of Distinction of Teaching, Harvard University (three times)	2020, 2021, 2023
• Honorable Mention in the New Advances in Statistics and Data Science Poster Competition	2022
• Top Cited Article 2020-2021, Wiley (Biometrical Journal)	2022
• Professional Development Fund Award, Harvard University	2022
• Undergraduate Student Research Award, Natural Sciences and Engineering Research Council of Canada	2018
• McGill Science 21 <sup>st</sup> Century Ambassador Fund Award, McGill University	2018
• Travel Award, Statistical Society of Canada	2017
• First Place in Case Studies in Data Analysis Poster Competition, Statistical Society of Canada	2017
• Summer Studentship Award, Meakins-Christie Laboratories (twice)	2016, 2017
• Best Oral Presentation, RI-MUHC Joint Summer Student Research Day	2017

PRESENTATIONS

---

**Seminar Presentations**

1. **McGrath S**. Comparative effects of generalized time-varying treatment strategies with repeatedly measured outcomes in EHR data. Talk presented at: *Causal Inference Seminar Seminar at Boston University*. April 1 2025; Boston, USA.
2. **McGrath S**. Comparative effects of generalized time-varying treatment strategies with repeatedly measured outcomes in EHR data. Talk presented at: *Research Café Seminar at the Harvard Pilgrim Health Care Institute*. March 27 2025; Boston, USA.
3. **McGrath S**. Meta-analysis of studies reporting medians. Talk presented at: *Lady Davis Institute Centre for Clinical Epidemiology Seminar*. April 11 2023; Online.
4. **McGrath S**, Kaouache M, Grover S. Estimating the long-term effects of weight loss and the risk of dementia using the McGill Cardiometabolic Model. Talk presented at: *Metabolic Disorders and Complications Program Seminar at the Research Institute of the McGill University Health Centre*. December 6 2018; Montreal, Canada.

5. **McGrath S**, Zhao X, Qin ZZ, Steele R, Benedetti A. Meta-analysis of medians. Talk presented at: *Respiratory Epidemiology and Clinical Research Unit Seminar at the Research Institute of the McGill University Health Centre*. December 2 2016; Montreal, Canada.

## Conference Oral Presentations

6. Brümmer LE, Zorger AM, Worbes K, **McGrath S**, Erdmann C, Tolle H, Katzenschlager S, Yerlikaya S, Grilli M, Pollock NR, Erkosar B, Mace A, Ongarello S, Johnson CC, Sacks JA, Skoetz N, Lee RA, Denkinger CM. The clinical utility and epidemiological impact of self-testing for SARS-CoV-2 using antigen detecting diagnostics: A systematic review and meta-analysis. Talk presented at: *Gesundheit Gemeinsam 2024*. September 8–13 2024; Dresden, Germany.
7. **McGrath S**, Mukherjee R, Réquia WJ, Lee WC. Wildfire exposure and academic performance in Brazil: A causal inference approach for spatiotemporal data. Talk presented at: *35<sup>th</sup> Annual Conference of the International Society for Environmental Epidemiology*. September 17–21 2023; Kaohsiung, Taiwan.
8. **McGrath S**, Duan R. Transfer learning approaches for synthesizing genetic association studies. Talk presented at: *17<sup>th</sup> Annual Meeting of the Society for Research Synthesis Methodology*. July 5–7 2023; Paris, France.
9. **McGrath S**, Zhao XF, Ozturk O, Katzenschlager S, Steele R, Benedetti A. metamedian: An R package for meta-analyzing studies reporting medians. Talk presented at: *Evidence Synthesis and Meta-Analysis in R Conference 2023*. March 27–31 2023; Online.
10. **McGrath S**, Zhao XF, Steele R, Benedetti A. estmeansd: An R package for estimating means and standard deviations from studies reporting medians in meta-analysis. Talk presented at: *Evidence Synthesis and Meta-Analysis in R Conference 2023*. March 27–31 2023; Online.
11. **McGrath S**, Mukherjee R. Undersmoothing and sample splitting for estimating nonparametric functionals. Talk presented at: *Joint Statistical Meetings*. August 6–11 2022; Washington, D.C., USA.
12. Yland J, Chiu YH, **McGrath S**, Hernández-Díaz S. Comparative effectiveness of ovulation induction medications: evidence from a large healthcare database in the United States. Talk presented at: *36<sup>th</sup> International Conference on Pharmacoepidemiology and Therapeutic Risk Management (ICPE 2020 All Access)*. September 16–17 2020; Online.
13. **McGrath S**, Steele R, Benedetti A. Meta-analysis of the difference of medians. Speed presentation (talk and poster) given at: *Joint Statistical Meetings*. July 28–August 2 2018; Vancouver, Canada.
14. **McGrath S**, Steele R, Benedetti A. Meta-analysis of the difference of medians. Talk presented at: *46<sup>th</sup> Annual Meeting of the Statistical Society of Canada*. June 3–6 2018; Montreal, Canada.
15. **McGrath S**, Steele R, Benedetti A. Methods for estimating the sampling variance of the median for meta-analysis. Talk presented at: *McGill University (Bio)Statistics Research and Career Day*. September 22 2017; Montreal, Canada.
16. **McGrath S**, Steele R, Benedetti A. A comparison of methods for meta-analyzing medians: Applications to estimating diagnostic delays. Talk presented at: *Research Institute of the McGill University Health Centre Joint Summer Student Research Day*. August 10 2017; Montreal, Canada.
17. **McGrath S**, Zhao X, Qin ZZ, Steele R, Benedetti A. Meta-analysis of medians. Talk presented at: *12<sup>th</sup> Annual Meeting of the Society for Research Synthesis Methodology*. July 3–5 2017; Montreal, Canada.
18. **McGrath S**, Steele R, Benedetti A. Incorporating medians in meta-analysis. Talk presented at: *45<sup>th</sup> Annual Meeting of the Statistical Society of Canada*. June 11–14 2017; Winnipeg, Canada.

## Conference Poster Presentations

19. **McGrath S**, Mukherjee R. Undersmoothing and sample splitting for estimating nonparametric functionals. Poster presented at: *New Advances in Statistics and Data Science*. May 24–26 2022; Honolulu, USA.
20. Zimmer AJ, Lainati F, Aguilera Vasquez N, Chedid C, **McGrath S**, Benedetti A, MacLean E, Ruhwald M, Denkinger CM, Kohli M. Biomarkers for active pulmonary tuberculosis treatment response: A systematic review. Poster presented at: *52nd Union World Conference on Lung Health*. October 19–22 2021; Online.
21. **McGrath S**, Sohn H, Steele R, Benedetti A. Meta-analysis of the difference of medians. Poster presented at: *Research Institute of the McGill University Health Centre Summer Student Research Day*. August 13 2018; Montreal, Canada.
22. Coulombe J, **McGrath S**, Wang Z. Can gene expression data identify patients with Inflammatory Bowel Disease? Poster presented at: *Centre de Recherches Mathématiques Workshop: Risk Modelling, Management and Mitigation in Health Sciences*. December 11–13 2017; Montreal, Canada.

23. Coulombe J, **McGrath S**, Wang Z. Can gene expression data identify patients with Inflammatory Bowel Disease? Poster presented at: *45<sup>th</sup> Annual Meeting of the Statistical Society of Canada*. June 11–14 2017; Winnipeg, Canada.
24. **McGrath S**, Zhao X, Qin ZZ, Benedetti A. Meta-analysis of medians. Poster presented at: *44<sup>th</sup> Annual Meeting of the Statistical Society of Canada*. May 29–June 1 2016; St. Catharines, Canada.

## TEACHING EXPERIENCE

---

### Guest Lecturer

- Harvard University, BST 258: Causal Inference: Theory and Practice 2025  
Lecture Title: “Techniques for Efficient Estimation: Nuisance Function Tuning and Sample Splitting”

### Teaching Fellow

- Harvard University, EPI 524: Confounding Control: A Component of Causal Inference 2025  
A Master’s-level course for Public Health degree programs
- Harvard University, EPI 524: Confounding Control: A Component of Causal Inference 2024  
A Master’s-level course for Public Health degree programs  
(Course development teaching assistant)
- Harvard University, BST 222: Basics of Statistical Inference 2023  
A Master’s-level course for Biostatistics degree programs
- Harvard University, BST 231: Statistical Inference I 2023  
A PhD-level course for Biostatistics degree programs
- Harvard University, BST 230: Probability Theory and Applications I 2021  
A PhD-level course for Biostatistics degree programs
- Harvard University, ID 201: Core Principles of Biostatistics and Epidemiology for Public Health Practice 2020  
A Master’s-level course for Public Health degree programs

## PROFESSIONAL ACTIVITIES

---

### Mentorship

- Research Project Mentor: Summer Program in Biostatistics and Computational Biology 2021–2024
- Project Mentor: StatStart High School Summer Program in Biostatistics 2021–2023
- Graduate Student Mentor: Group for Undergraduates in Statistics at Harvard 2020–2022

### Conference Organization and Service

- Fundraising Committee Member: Canadian Statistics Student Conference 2018
- Local Arrangements Committee Member: Society for Research Synthesis Methodology Annual Meeting 2017

### Ad-Hoc Peer Review

- Statistics and Machine Learning:
  - \* *Journal of the Royal Statistical Society: Series B*, *Biometrics*, *Statistics in Medicine*, *Lifetime Data Analysis*, *Biometrical Journal*, *Research Synthesis Methods*, *BMC Medical Research Methodology*, *BMC Medical Informatics and Decision Making*, *Journal of Open Source Software*, *ASta Advances in Statistical Analysis*, *Applied Soft Computing Journal*
- Epidemiology and Biomedical Sciences:
  - \* *American Journal of Epidemiology*, *Annals of Epidemiology*, *PLOS Global Public Health*, *Frontiers in Epidemiology*, *Journal of Evidence-Based Medicine*, *Journal of Public Health and Emergency*

### Other Academic Service

- Alumni Focus Group Member: External Review of Doctoral Qualifying Exam 2025

## OTHER

---

**Citizenship:** United States of America, Canada

**Statistical Programming:** R, MATLAB, Stan, SAS, Stata

**Machine Learning Frameworks:** Sklearn, Keras, Tensorflow

**Programming Languages:** Python, Java, C++

**Reproducible Research:** Git/GitHub, R Markdown, Jupyter Notebook, Overleaf

**Specialized Software:** Shiny, L<sup>A</sup>T<sub>E</sub>X
